Los Angeles College Faculty Guild

LOUD & CLEAR

MEET YOUR CONTRACT ACTION TEAMS

The Guild's contract campaign is taking shape with two key committees preparing for the challenges ahead:

The Bargaining Team includes a member from each of our nine campuses and represents full-time and part-time faculty, classroom and non-instructional, credit and non-credit, GE and CTE, counsellors and librarians.

This team is already beginning to meet regularly to set goals based on faculty input from the bargaining survey, to develop proposals and plan strategy.

At the same time, the Guild is moving quickly to recruit activists to form **Contract Action Teams [CAT]** on every campus. Your chapter president appoints the CAT lead to organize campus-based activities and communicate and coordinate Guild-wide actions.

Effective and highly visible CAT teams are essential in building bargaining leverage in negotiations and winning this contract campaign.

The current Collective Bargaining Agreement [CBA] expires June 30 2026.

So far, City, Harbor, Pierce and Trade have held successful CAT Team launch events with our other campuses to follow soon.

Your campus CAT Lead will be reaching out to you soon. It's your chance to get involved.
